April 17, 2012

Dear Don,

I want to thank you for a great job your company did in remodeling our kitchen. The quality of work and the attention to detail exceeded our expectations. The workmen were courteous and showed up on time as promised. Your hands on approach, from design to installation through completion, and frequent visits to our home made it an enjoyable experience.

We have received many compliments on both the granite countertops and the marble tile backsplash. I would recommend your company without hesitation.

Thanks again for a job well done.

Sincerely,

Stephen J. Palermo
